

I always feel better at night.

Then I never want to go to bed.

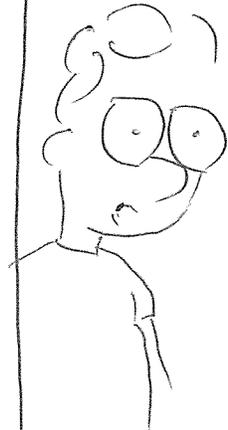

In this I am like a child

who never wants to go to bed...

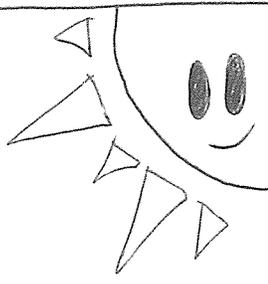

This makes it very hard to get a morning schedule

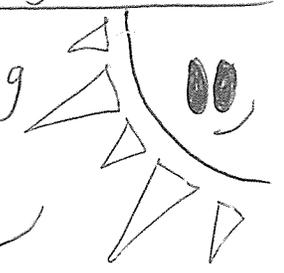

... even though there is always to morrow to do fun things.

God has satisfied me with good things...

I love having many good friends!!!

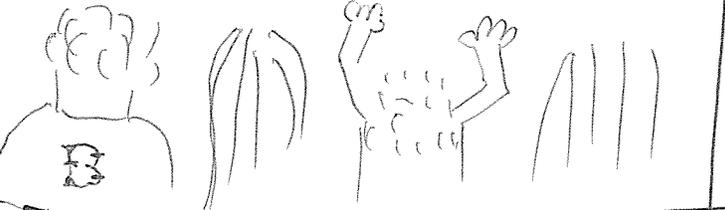

... though I always want more.

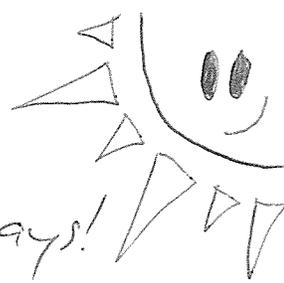

And say that
that Star
Spangled Banner

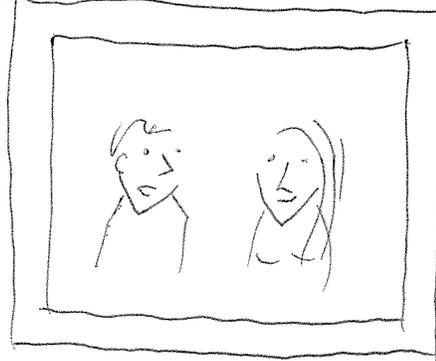

still waves... over
the land of the free
and the home of
the brave

From unknown
bomber to
caught in 4 days!

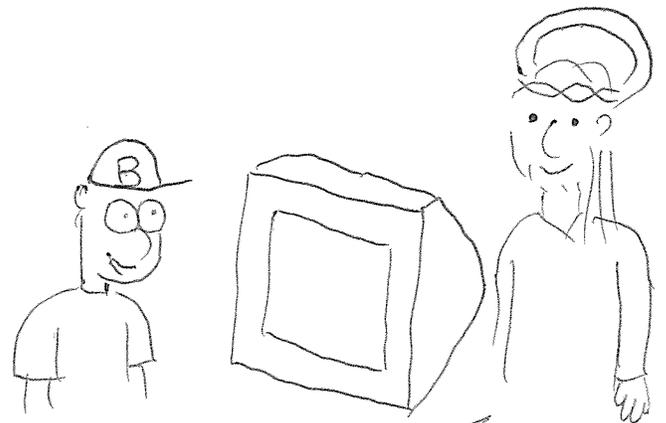

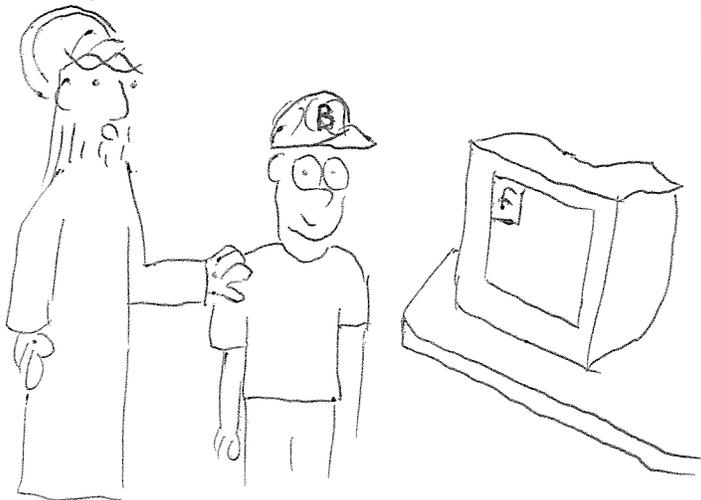

After a day that shut down
the whole city of Boston,
the bomber is in custody.

Rejoice, and
again I say
rejoice, rejoice,
rejoice!

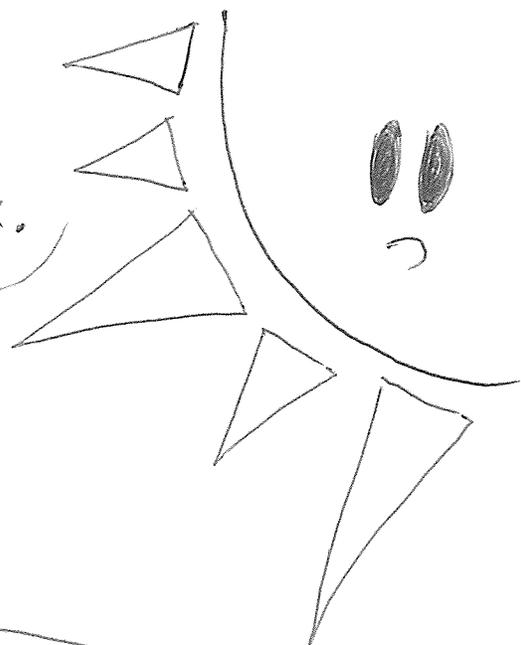

And on my
throne I will
establish a never
ending justice and
a peace that shall last.

Never will I leave you,
never will I forsake you.

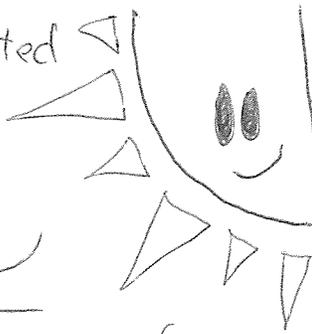

Trust in God,
trust also in me.

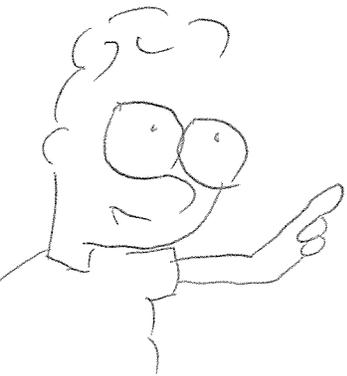

I am sooooo
glad You are
my God!

My Mom invited
me over to
dinner.

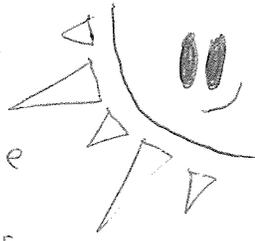

I am so thankful
to have a good Mom!

Thanks
God!

I am so thank-
ful I got to see
the sun drenching
the bare trees with
orange light today.

I just love
the sun.

And
nature.

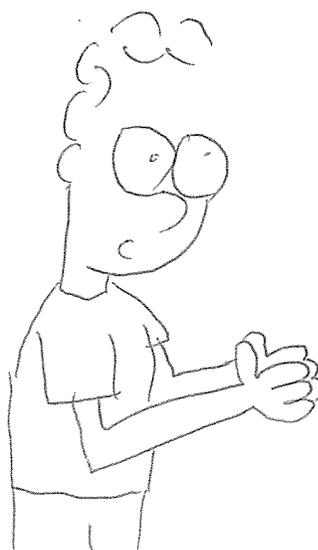

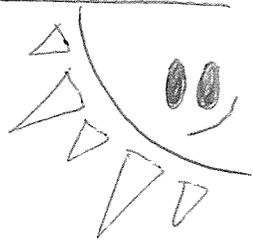

I am so
thankful You
are a good God.

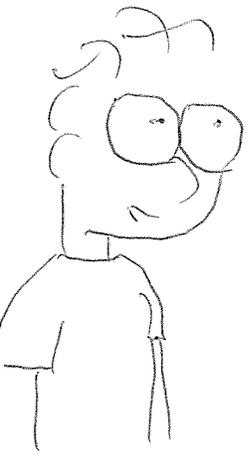

You are
my favorite
thing: love.

Against such
things there
is no law.

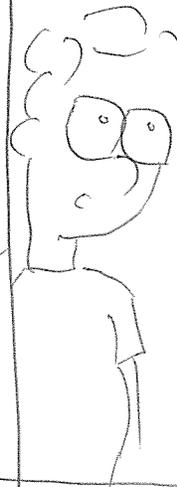

Lord, I think I have a crush on my doctor's receptionist.

She gave me a stick of chapstick.

Man, any small touch will I interpret the wrong way...

there are so few women in my life.

I joined the Church choir for about a month before I got discouraged

from how little I know about music.

I already spent 3 years getting a degree in a subject I

don't bother using any more.

Seems like music is the same

I am trying to learn to trust You with work.

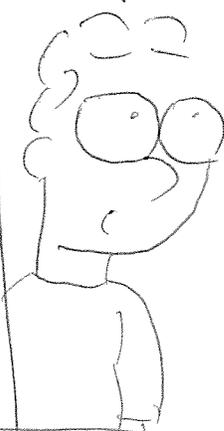

I suppose most of my jobs I have left because I grew discouraged.

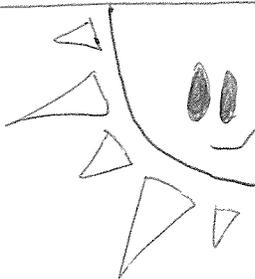

I burnt through half my emergency savings due to poor spending habits.

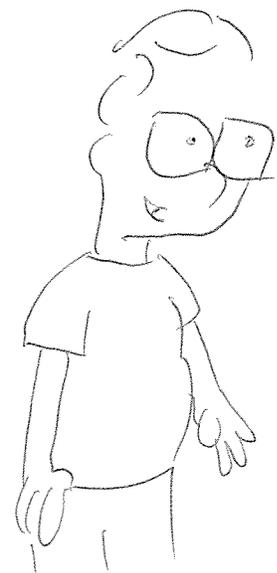

How hard it is to save and easy it is to splurge.

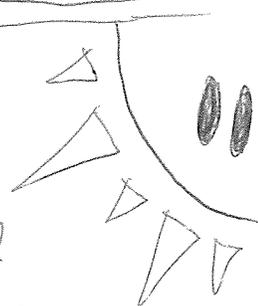

I found out a way to get free money though.

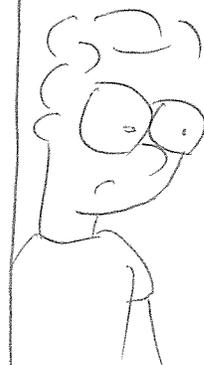

That is cool.

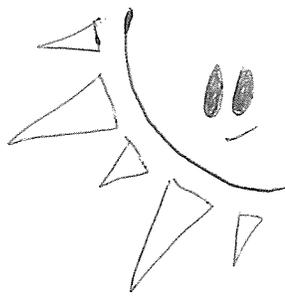

My body is totally dehydrated and I wish I didn't have to go to work tomorrow.

Same feelings always.

There was a nice customer at Paperclips yesterday...

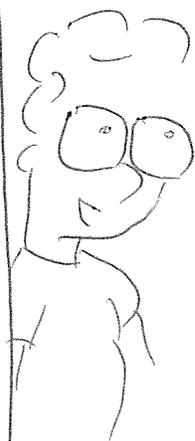

His business cards got printed wrong, but he took it in stride.

He seems like a big shot business man.

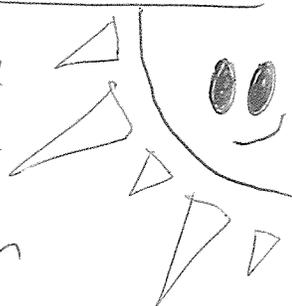

So I reprinted them in 10 minutes and he was impressed.

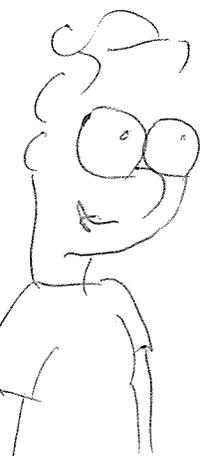

The sun hit my face at the register yesterday and I loved that.

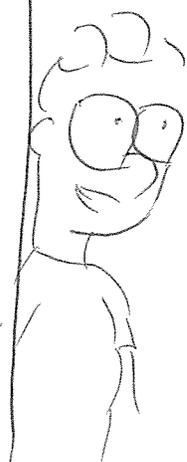

I always see the grandeur of nature in the sun.

I just love the sun when it is orange.

I remember Summer Solstice last year and watching the longest day of sun,

Well, another day, another dollar...

One step closer to financial freedom.

Or so the saying goes...

And you know what that means...

More time doing the things I want to be doing and less time doing what I don't enjoy.

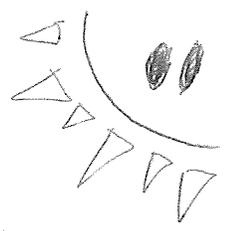

I think if I can live on pretty cheap and still enjoy life I can get a good job and

bank all the rest!

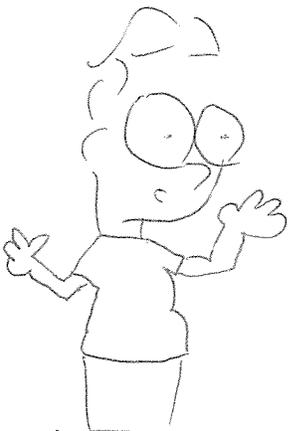

I often feel like I can't imagine living for another day...

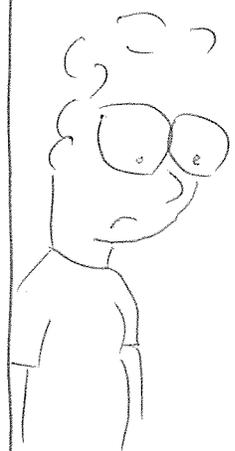

I can't understand what Heaven will be like

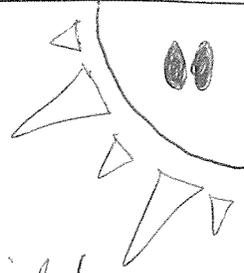

but then I do.

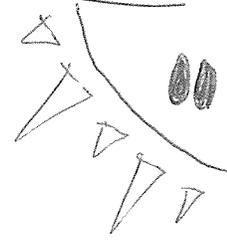

because I only experience love as tears.

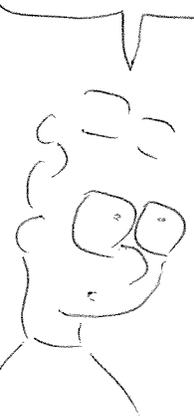

Anyway, I used to think that when I felt suicidal I could just quit my job. But now nothing

I think I must have PTSD by now after having bipolar disorder for so long.

a job makes me feel suicidal too, so I don't really know what to do.

Don't cry for me Argentina!

I wish I were
a cat.

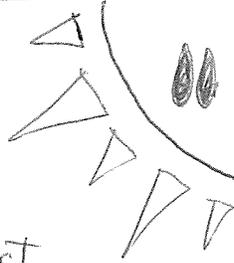

I think I
just need
some one to
come along and

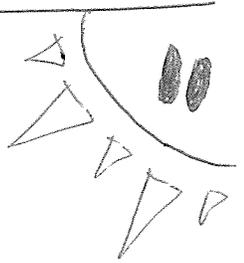

pat me
for like
an hour.

Randomly.

I certainly
act like a
cat: I don't trust
my owner.

The tragic,
misunderstood
lives of a cat.

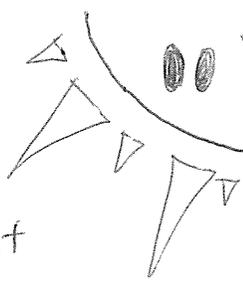

I should
write a
book
about that

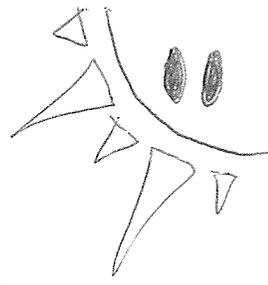

Catzpat.

Normally I don't get too concerned about my Dad...

My Dad likes to stop by unannounced...

But this time it seems like he hasn't called me in a while.

Usually when I am not home.

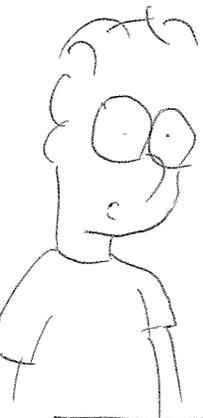

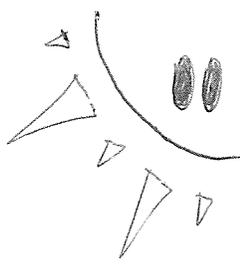

He is my only relative that visited me at Blisi's house.

My Dad knows how to fly Cessna planes...

And I wasn't even home!

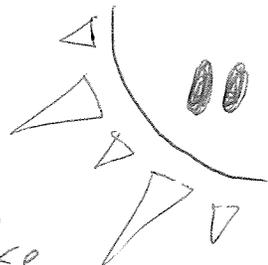

My Dad is totally cooler than your Dad because of this.

If I were God,
I would totally
get sick of
Jim Bures.

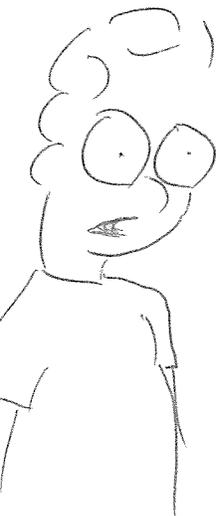

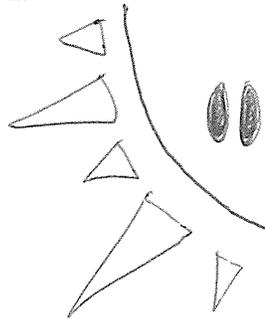

My prayers
seem to all
say the same
stupid things,
as if God is
not for me.

And I write
to everybody
but do not like
it when people
do that to me.

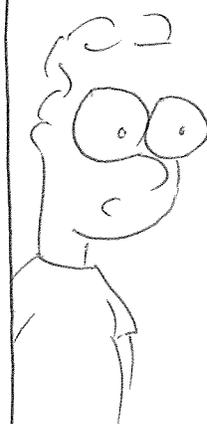

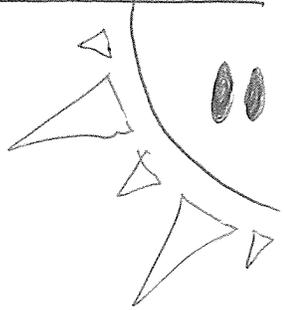

I am such
a hypo-
crite.

I am amazed
when children
become women.

I have
watched it
happen with
my own
eyes.

The power of
a woman
can not go
under appreciated.

Well, that's
all folks,
I ran out
of paper.

Today was nice.

Hey Armstrong!

Hey Jim.

Good to see you!

To tell you the truth, Jim, I think you'd really spiral down if you quit your job.

I mean the truth is this job gives you structure and extra spending money...

What is it? The feeling of being alone?

The truth is we all struggle with feeling alone.

Yeah, that's true, burp!

I remember when I used
to want to party like
it was 1999...

Now it is 2013...
who wants to party
like it is 2013?

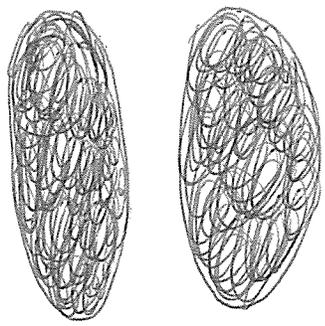

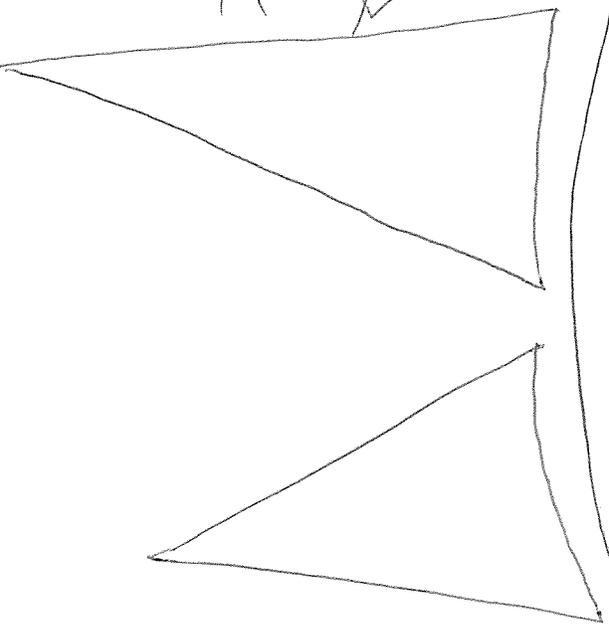

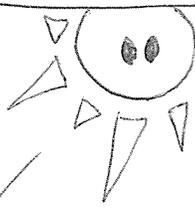

Will you still need me,
Will you still feed me,
when I'm 64?

I will always
feed you.

(I don't want to focus on the problem...)

I want to focus on the solution!

God,
I am happy
I have You
in my life!
